

Speed Dating

for Poz Men

Meeting people through speed dating is a unique alternative to bars and on-line sites. Participants “date” for five minutes. At the conclusion of each “date,” speed-daters complete a “match” sheet. At the sound of a bell, participants begin their next date! At the end of the event, “match” sheets are given to the event manager. Within 48 hours speed daters get an email with their “matches.”
