

Project **BIG LOVE** is an event to help empower HIV patients to live a normal life!

Please join us on
Tuesday, June 23rd, 2009
6:30pm to 8:30 pm

at
ICE BOUTIQUE RESTAURANT & LOUNGE
49 South Pine Avenue
Long Beach.

Special Presentation by Doug Mest, M.D

Doug Mest, M.D, is the principal investigator and trainer for Sculptra as well as Medical Education Faculty trainer for Radiesse. He will be discussing about the affordable FDA approved treatments for HIV Lipoatrophy.

Facial Lipoatrophy is loss of fat underneath the skin, Facial Lipoatrophy is not life-threatening, but it is one of the most stigmatizing and troubling complications of HIV treatment. Numerous studies have shown that Facial Lipoatrophy can have detrimental effects on an affected person's self-confidence and quality of life.

There will be music, food, drinks and a raffle prizes at the time of the event.
Raffle Tickets must be purchased at the door for entry of \$20.
Prizes include free Radiesse treatments, dinner certificates for two, gift baskets and more.

All proceeds go to the CARE Program at St. Mary's Medical Center.

Please RSVP with Jean Evans email: jevans@bioformmedical.com or call 310-220-5396.

Sponsors Include:
