

**1 in 5 people who test HIV positive
did not know they had the virus**

The Gay & Lesbian Center of Long Beach is committed to reducing the number of people who are infected with HIV. Our HIV Counseling & Testing Program is a safe, confidential and free service for anyone to access. We pride ourselves on being a 100% client centered program that will work with each client personally to help reduce their risk of HIV infection, increase their awareness of personal risk and provide the most current and local resources available.
