

HAPPY NEW YEAR

From your friends at

Dear Friend of The Center,

This year has provided us with so many wonderful opportunities and amazing memories, and we couldn't have made them without you. Check out some glimpses from another incredible year at The Center in the pictures below.

As we move into the new year and prepare for uncertain times ahead, we are more committed than ever to increasing our support for and continuing to lift up our LGBTQ community. [By making a year-end gift to support The Center's programs and services](#), you will play an instrumental role in ensuring our clients are able to continue to access vital health, wellness, safety, social, and cultural programming.

Together, we can continue to advance our mission of creating a more equitable society for LGBTQ people and ensuring that everyone in Long Beach has a chance to thrive and achieve their tremendous potential in this world.

In Support and Solidarity,
The LGBTQ Center of Long Beach
